

## MEMO FOR IATS USERS

January 2026

**SUBJECT:** The November 2024 mailing was the last mass mailing of rates on CD's. Select locations are receiving rates on CD or DVD. Others can download the rate files, flyer and instructions from the Professional Software Consortium WEB page.

## IATS RATES UPDATE INSTRUCTION

**Step 1** Copy the file, UPDATE372\_Jan0126(Sybase).ZIP for updating Sybase databases or UPDATE372\_Jan0126(MSQL).ZIP for updating MSQL databases, to the location you will use for this and later updates. Once IATS learns this location it will remember it from the previous update

**Step 2** Login to Maintenance with a user who has rights to update rates. A Superuser works well.

**Step 3** Expand the "Configuration/Base Parameters"

**Step 4** Click the entry "Update All Rates/Locations"

**Step 5** Browse the "Show update-files in directory" on the UPDATE RATES AND LOCATIONS screen and find where you copied the attached file. Note: If the files were copied in the same locations as last month's update, the file should display.

**Step 6** If step 5 was correct you will see the current update in the "Available update-files:" block. Click the "Update the rates/Locations using the Selected Files" button to begin.

**Step 7** Answer the prompts.
